

You Called, We Answered!

Dear Litchfield Resident,

As you may know, we are a fiber internet, phone, and tv company with home offices in Taylorville & Hillsboro. We have already expanded our Fiber Optic Network throughout parts of Christian & Montgomery County. We are now building in Litchfield! We would like to know that you and your business are interested in our Fiber services. An easy way to let us know that you would like to be notified when CTI service becomes available in your area is to visit <https://www.ctitech.com/newcommunities/> and fill out a pre-signup form! The pre-signup form is not a contract, it is simply a way for you to show interest in our services and to enable us to contact you when our services become available to you. Below is our pricing of the Fiber services we provide to residents. We greatly appreciate your interest in our services – now, get your community excited that Litchfield is becoming a fiberoptic town with CTI's award winning service!
